Re: Reference Letter

The Soul Choir is a new Nashville-based music ministry group of professional singers and musicians dedicated to bringing the good news of GOD'S love and hope of salvation through the catalyst of music. The Soul Choir specializes in ministry to prisons/jails and has been actively involved in rendering several musical concerts and renditions to our offender population for both males and females. They have also made a significant impact on the staff and promoted a spirit of kinship throughout our institutions. The love and closeness that is exhibited by choir members is very contagious and the fervent leadership displayed by director, Julie Branham are an excellent model of how choirs should operate. The response from offenders who have heard this group sing has been overwhelming. The music rendered by the Soul Choir creates an atmosphere which breaks down cultural and denominational barriers and allows the Spirit of GOD to move in a mighty way. The LORD definitely has his hands upon the Soul Choir and is beginning to take them to higher levels of ministry. If you have further inquiry about this anointed choir, I can be contacted at 615-425-8381.

Yours In Christ
